Part II: The Interpretation

Get God's Understanding and Interpretation (Get GUI):

Step 1: Consider Your Dream and Its Source:

Type of Dream (circle one or more that apply):

Simple or Complex

(With simple dreams you know the meaning. Complex ones require more thought, and sometimes the help of a skilled dream interpreter.)

Symbolic or Literal

(Symbolic dreams use various characters to represent a specific meaning. Literal dreams happen as you see them. If your dream contains anything which you know can't be true, then assume your entire dream is symbolic.)

Visual and maybe Actual

(All dreams are visual but not all are actual. An actual dream contains some type of impartation, like a gift of faith, word of knowledge, healing, etc.)

Supernatural or Natural

(Supernatural dreams are from either God or Satan. Natural dreams are from you.)

Prophetic or False

(Prophetic dreams refer to God speaking in your dreams, and sometimes they can refer to the future. False dreams are not from God, and they always contain some type of lie or deception. They come from either your own natural mind or Satan.)

Purpose of Dream

(circle one or more that apply; note that complex dreams can have more than one purpose):

-To reveal your true self (Heart & Soul Dream)

-To encourage you (Encouragement Dream)
